

Goodside Cares Household Income Chart

Goodside Health partners with districts to bring on-demand telehealth and mental health services to students in the campus health room.

We work hard to close the gaps in children’s healthcare and provide equitable care for all. The Goodside Cares program ensures all students receive the treatment they need regardless of residency or insurance status.

To determine if your student qualifies for a reduced visit fee with Goodside Cares, use the table below with your “Household Size” and your “Yearly” or “Monthly” household income to find your tier.

HOUSEHOLD SIZE	HOUSEHOLD INCOME					
	YEARLY	MONTHLY	YEARLY	MONTHLY	YEARLY	MONTHLY
